

CITIZENS ADVICE

Better Lives Thanet Outreach Project Funded by National Lottery - Reaching Communities

Areas of Advice

From Housing to Benefits, Family Issues to Employment. Budgeting, Consumer, Money And Debt. Immigration And Health. We can explore to find the next steps.

We can advise you on the options, give you the information to empower you and help you to feel supported with quality independent advice.

What if we cant help? Need a legal expert or detailed debt advice?

We know where to turn, how to prepare you and get you in touch with other services that we have cultivated strong working relationships with.

Mission

Our mission is to bring quality advice to those who most need it.

We want to be accessible for those that cant make it to us.

In respect of this aim, we are now maintaining a local presence within community and social spaces.

Tell us!

We want to hear from you. We aim to bring this outreach project to many communities and want to know where we could do the most good.

Get in touch and let us know.

Get in touch with us

Want to see someone face to face?
Attend our Ramsgate Drop - in at Waterloo Plains
Tuesdays 9:30 - 12
